

Directions when flood warnings are in place

Banbury Waxing Hut is situated just north of the village of Cropredy on Appletree Lane, the local roads are liable to flooding. The River Cherwell (East of the village) regularly floods.

Please look at these directions.

The local road **least** likely to flood is Oxhey Hill from Mollington to Cropredy.

I would not recommend ->

X1 - Appletree Lane, just the other side of the canal to me.

X2 - Williamsote Road, by the Cricket club Cropreddy village (From A361 to Cropreddy)

I3 - The main road from Great Bourton to Cropreddy - often floods under the railway bridge outside Cropreddy School.

Please leave extra time and try to arrive for your appointment on time. I can't always complete your service if you arrive late, however you will still be charged for the services you booked.
